ROASTED IN BELFAST

Kilimbi

Rwanda

Kilimbi is one of the two first washing stations to be granted approval to produce natural & honey processed coffee in Rwanda.

The elevation of Kilimbi lends itself incredibly well to the production of exception honeys & naturals. Drying beds stretch across a large open plain, where airflow & sunlight have maximum exposure to the coffee as it dries.

Built in 2016 and the birthplace of Muraho Trading Company.

Variety

Red Bourbon

Process

Natural

Brew Method

Filter

Notes

Blood Orange, Papaya, Milk Chocolate

Roasted from 14/05/2025
